Subject: Sample Analysis: Big Lots, IDPH Case Number 5-19-248-01

Hi All:

I'm looking over the file for an IDPH marketplace inspection conducted at Big Lots in Carbondale on 9/5/19. The report says a sample of Orthoboric Acid Roach and Ant Killer, EPA Reg. No. 44757-3-3095, was collected and sent to IDA for analysis, but I can't find a copy of either the chain of custody or report of analysis. Can you forward me a copy of those two documents?

Thanks and my apologies if you've already sent this to us!
